Ed and David,

Thanks for the follow-up. We need to brief Carl and Pam tomorrow morning. We need to address the following questions:

1. Location of these samples at this time/under whose possession
2. Date/time collected (I saw this info. in the tables)
3. When (date) did they ask us to analyze these samples
4. Are we proposing to provide them our method
5. And few more questions, lets discuss

We need to call Wes and Jim again.

Ben

Subject: FW: Samples

FYI – The attachments from TCEQ’s attorney include a listing of the two Valero samples and the six City of Corpus Christi samples the State is asking us to analyze – eight samples total.

Ed:

Attached are basic tables of the sets of samples we discussed yesterday. Please let us know if you need additional information.

Thanks,

Jim
